We provide a warm and welcoming environment for children aged 3 months to 4 years. We deliver a curriculum which meets the statutory requirements of the Early Years Foundation Stage (EYFS) framework to ensure our children learn and develop well. Our indoor learning environment allows our children to play and explore safely, according to their individual needs.

Our commitment to safeguarding children:

We recognise that safeguarding (SG) and child protection (CP) is an integral part of all aspects of nursery life and this is reflected in our policies and procedures, and in our practice.

We will: ensure all staff read and understand our SP / CP policies, know how to recognise and respond to abuse and understand their roles and responsibilities regarding SG / CP. We will remain vigilant to safeguarding risks and take all allegations and/or concerns of risk to children seriously. We will take prompt and appropriate action following any allegations made against an adult working or volunteering with children. We will comply with our whistleblowing policy and ensure safeguarding concerns are escalated as required. We will share information appropriately.
